## SEARCH WARRANT ADDENDUM

On September 25, 2014 a search warrant was issued for the residence located at 1184 Hwy. 319, East Dublin, Laurens County, GA. This warrant was obtained by S/A LINDSEY GIDDENS of the Georgia Bureau of Investigation regarding a use of force investigation.

The use of force incident occurred while the Laurens County Sheriff's Office was executing a drug search warrant that was obtained by Investigator CHRIS BREWER of the LCSO on September 24, 2014 (a copy of the September 24, 2014 drug search warrant is attached). The drug search warrant was specific to methamphetamine and paraphernalia and included the residence, vehicles and outside buildings located within the curtilage. Laurens County Sheriff's Office personnel have not executed a search of the residence, vehicles and outside buildings located within the curtilage for methamphetamine and paraphernalia as authorized by the September 24, 2014 drug search warrant .

The GBI CSS began executing the search warrant issued to S/A GIDDENS on September 25, 2014. The residence has been secured by law enforcement agencies since that time; however GBI agents have not conducted a search for methamphetamine and paraphernalia.

It is now being requested this addendum be attached to this search warrant in order to authorize GBI agents to search the residence, vehicles, and outside buildings located within the curtilage for controlled substances, specifically methamphetamine and/or paraphernalia necessary for manufacturing, packaging, cutting, weighing and/or distributing controlled substances. It is necessary for GBI agents to conduct the search for controlled substances because this was the reason Laurens County SRT and deputies were at this location.

**GEORGIA BUREAU OF INVESTIGATION  
REGION 12  
INVESTIGATIVE SUMMARY**

**12-0059-34-15**

On Thursday, September 25, 2014, at approximately 12:43 a.m., Special Agent JERRY JONES was located at 1184 Highway 319 North, East Dublin, Laurens County, Georgia in reference to interviewing TERESA HOOKS regarding this case. During the interview, TERESA essentially stated the following:

TERESA is the wife of DAVID HOOKS. This evening, TERESA was located upstairs (2nd floor) and had just turned off the TV. DAVID was located in the master bedroom on the bottom floor (1st floor) of the residence. TERESA was preparing to go to bed when she heard what she believed to be a vehicle outside the residence. She looked outside the window and saw what she described as individuals with black hoods. It could have been more than four (4) people. She didn't recall seeing a vehicle, but she heard it. TERESA was concerned about this activity due the fact that a theft had just occurred at their residence on Monday. TERESA began to yell for DAVID. She believed that DAVID was asleep due to the fact he was asking her "what's going, what, what". TERESA went downstairs and was in the foyer when entry was made into their house. A light was on in the kitchen. She heard someone yell prior to the door being rammed. DAVID came out of the bedroom carrying a shotgun. TERESA believed that DAVID had been asleep due to the fact that he was not clothed and he normally slept in the nude

TERESA ran to the master bedroom for the purpose of retrieving a gun due to the fact that she did not know what was going on at this point. She ran to the master bathroom and got into a closet. She used DAVID'S cell phone identified as (478) 304-2695 to call her son, BRANDON DEAN. She recalled hearing gunshots before

**12-0059-34-15**

she reached the bathroom. She called BRANDON and told him they were shooting and he needed to call 911; she heard the gunshots before she called BRANDON. She heard the gunshots as she was running to the bathroom. After calling BRANDON she went to the bedroom door. She began to hear people telling her to come out with her hands up. It was at this time that she realized that it was law enforcement officers in her house. She did not know any of the law enforcement officers. When she came out of the bedroom they handcuffed her. She remembered seeing people with body armor and helmets. DAVID had been carried outside of the residence for medical treatment.

Prior to conducting the interview, SA JONES activated a digital voice recorder for the purpose of documenting this interview. This audio recording will be downloaded and attached to this summary. For a verbatim account of the interview, refer to the audio recording.

No further information was provided at this time. Investigative action concluded at approximately 1:03 a.m.
